"In golf, as in life, it is the follow-through that makes the difference."

Our favorite expert quilter **Sandy Terry** keeps busy by sewing during the off-season. This quilt is for great grandbaby #2.

A bit closer to home, **Annie Nixon** almost froze to death "(wo)manning" the parking lot for a Birkie event in Cable, WI.

From house/dog sitting in San Francisco over the Thanksgiving holiday to house/cat sitting in Houston over Christmas, **Annie Nixon** knows how to take advantage of school vacation days. She and her manfriend played several rounds of golf, went on long walks, and took in the tourist stuff at each city. Sounds like super fun.

Sandy and husband **Tom** have been taking monthly field trips around the Twin Cities area. It's amazing how fun and educational a "stay-cation" can be.

Wendy Lane went to Spain, Portugal, and Moracco in late October with Carolyn Bolen. They toured the Mezquita Cathedral in Spain. They also spent time walking around Madrid taking in the sights. Then Wendy was off to Phoenix for a week in January and visited the Desert Botanical Garden.

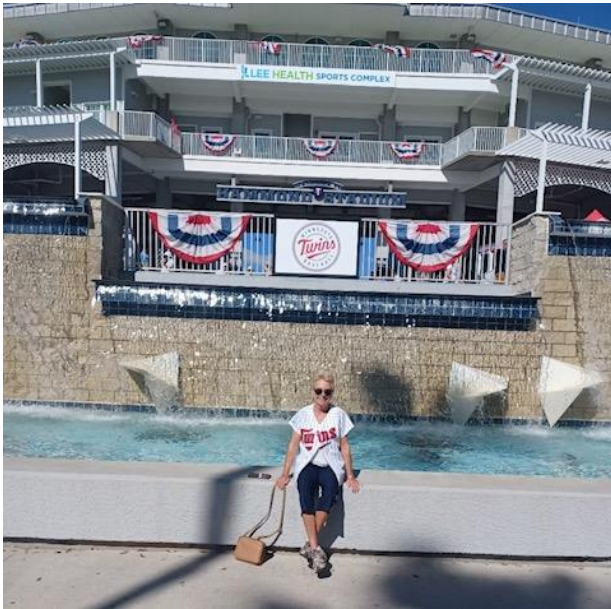

Rae Cornelius is spending her exotic vacation dollars on new dental implants this Winter. But we know Rae and we know this will not hold her back from heading off to golf school for some vacation fun. In our humble opinion, both are money well spent.

Chris Bettinger, a Como CWGC super fan.

Jane Cacich does not spend much time at home! Christmas in Disney World with the family, golfing in Florida with John, time in south Padre Island with her sisters. Then off to Santa Barbara for the International Film Festival where she was up close and personal with many famous stars! (Sandy specifically picked the Bradley Cooper picture to share 😊). Jane is already checking to see how soon she can golf Como. We believe it was in February!

Susie Quinn enjoyed three whole months in Florida this winter. Even though she never swung a golf club, she did enjoy watching her hometown team play a game or two.

A note from **Colleen Halpine**: "This is my new friend Rosie, my Mexican host's pet donkey. We became fast friends. The photo below was taken near San Antonio (Boerne) with **Rita Frenzel**. Timely rains made the course much greener than usual. We had near perfect weather."

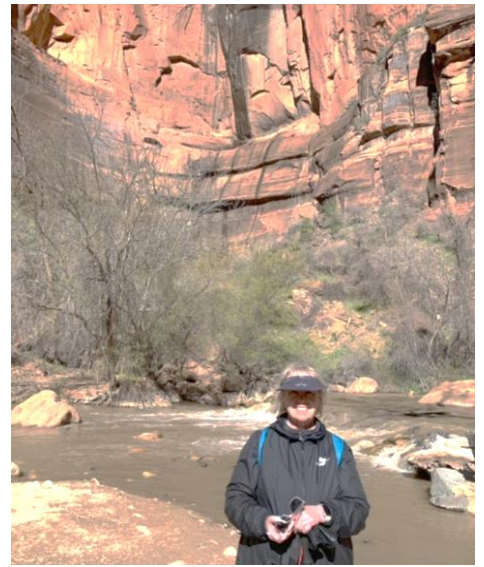

Kathy Zieman and chauffeur Rick traveled throughout the south. Meeting up with a friend from last year's St. George golf trip was a highlight...also a highlight, pulling into their driveway after putting over 3,500 on their car.

Bob's Your Uncle

Not only has **Wendy Lane** played countless Pickleball games, she also traveled to St. George, Utah through Rhodes Scholars and went hiking in Zion National Park. Her game will be ready when our season starts!

Rae Cornelius was able to get out of the dental office long enough to play a round at Congressional Golf Course, Bethesda, Maryland with her brothers and the nicest, more patient member of the club, Leo Rucker. Beautiful course but long and lots of bunkers.

Bikes are the preferred mode of transportation in Amsterdam. Careful crossing a street!

That's it folks! We are officially on to the 2024 season. Let's go have some fun!

Sandy Denault, Angie Guillaume, Amy Winkel, and Ruthie Pallow had the time of their lives!

The tulips were in bloom in Amsterdam! These four enjoyed a Viking River Cruise from Amsterdam to Basel and then finished the trip in the Italian Lakes. Lots of food, drink, and beautiful scenery. Walking on paths of cobblestone helped them get ready for walking Como hills.
